Subj: Early Release from Active Duty; request for

1. I have recently been offered an opportunity to become a candidate for Congress from the Third Congressional District, Commonwealth of Massachusetts. To accomplish my election I must enter the primary being held in September 1970 and actively campaign for the office commencing as soon as possible. My current regular period of obligated service would be completed in December of this year. However, I voluntarily extended my active duty until August 1970 as I did not foresee then that I would be afforded an opportunity for public service as an elected official.

2. In view of the above, and also because various political figures have advised that I move quickly to establish my organization, I respectfully request that I be released from active service as soon as possible. It is my sincere belief that I can be of far greater service to my country by following the course that I have indicated.
